Creating space to grow

Believe you can too

Our Strategy 2025-2028

Aspire • Inquire • Excel • Belong

Creating space to grow

Preface from our Chair of Governors

On behalf of the Governing Body, I am delighted to share with you the second chapter of our strategy, 'Believe You Can', the first chapter having taken us from 2021-2024.

The title, 'Creating space to grow', is very deliberate. It refers to intellectual space, physical space, emotional space - to grow one's character, space to excel academically, to be freed from stereotypes, to become the person capable and willing to shape the society in which they will live and work.

This strategy, which is derived from collaborative discussions with our students, staff and parents, seeks to make clear what sort of education will deliver that goal. It aspires to deliver on our aim to be the best place to learn and achieve, the best place to work and develop and of having the best partnership with our families and community.

We believe that the culmination of our education is what happens after our girls leave College: the academic

qualifications they hold, the career choices they make, the relationships they form, how their abilities are sought and admired, how their qualities are valued, and, perhaps most importantly, the people they become.

To do this, our students need space to grow, and the next four years will see our College provide this. We owe our capable and intelligent young people nothing less.

Farah Ballands

CHAIR OF GOVERNORS

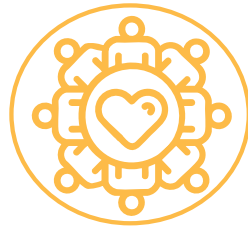

Our Four Commitments

1. Our Students

2. Our Partnerships

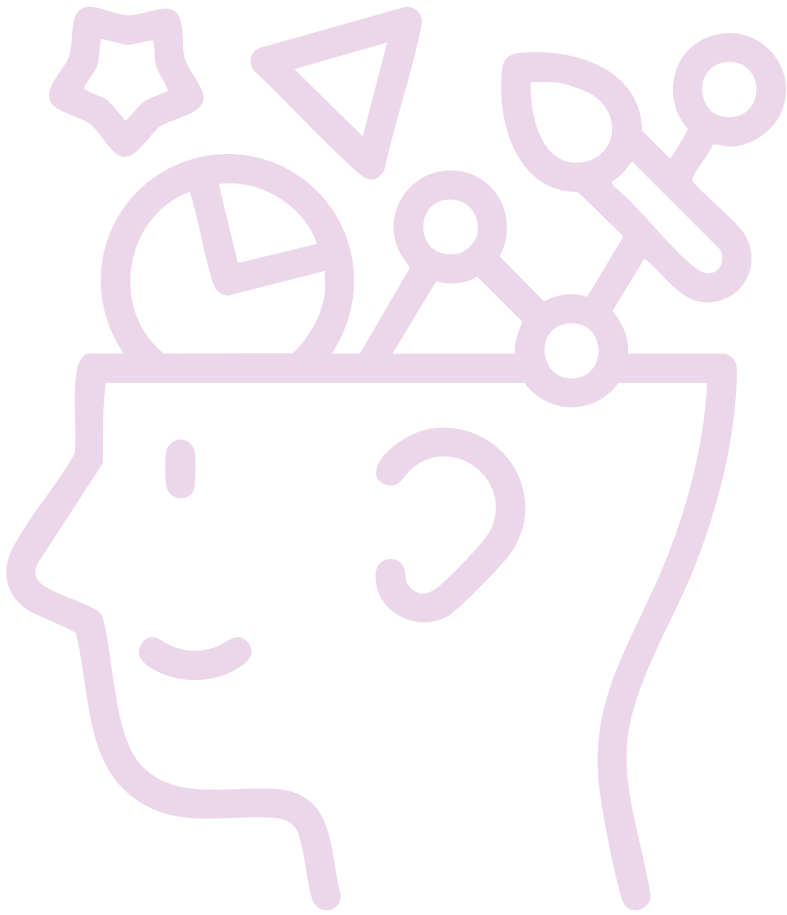

3. Our Community

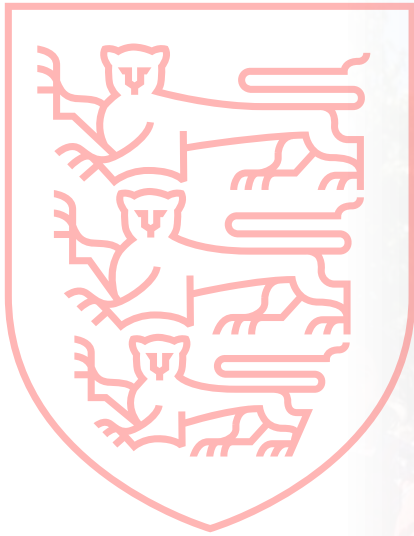

4. Our Sustainability

1. Our Students

We are committed to holistic student development, fostering academic excellence, emotional resilience, and social growth.

- To nurture character and leadership skills, inspiring students to lead with integrity and empathy while cultivating oracy skills that enable confident and articulate expression.
- To enhance outdoor and co-curricular learning opportunities, encouraging real-world exploration and growth.
- To strive to deliver the best educational experience, ensuring a curriculum that fosters academic excellence, intellectual curiosity, and reflective thinking.

2. Our Partnerships

We build meaningful partnerships to prepare students for the future, enhancing their opportunities and pathways.

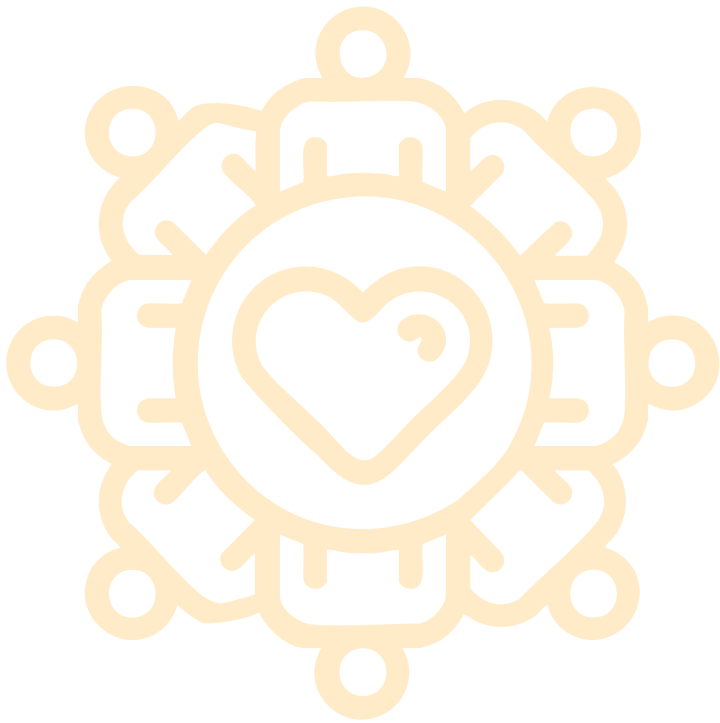

- To strengthen parental engagement and communication, fostering a collaborative school community.
- To elevate our offer as educators, placing our students at the heart of a powerful network of local businesses, alumnae and community organisations.
- To be known and recognised for leading innovative professional development and nourishing personal growth shaped by a shared vision of education.

3. Our Community

We champion community engagement and inclusion, cultivating a supportive and diverse school environment.

- To expand community service and outreach initiatives, fostering a culture of giving and compassion.
- To celebrate inclusivity and diversity, ensuring every individual feels valued and respected.
- To enhance financial assistance, supporting access to education for all.

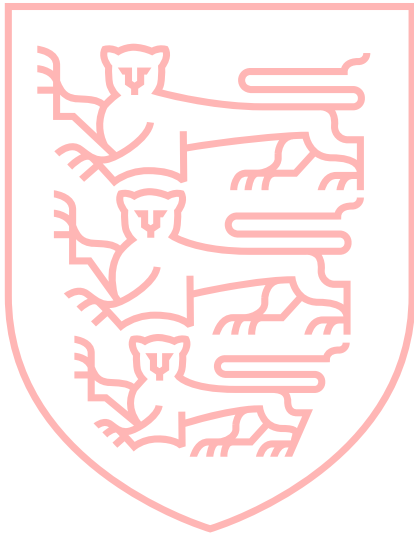

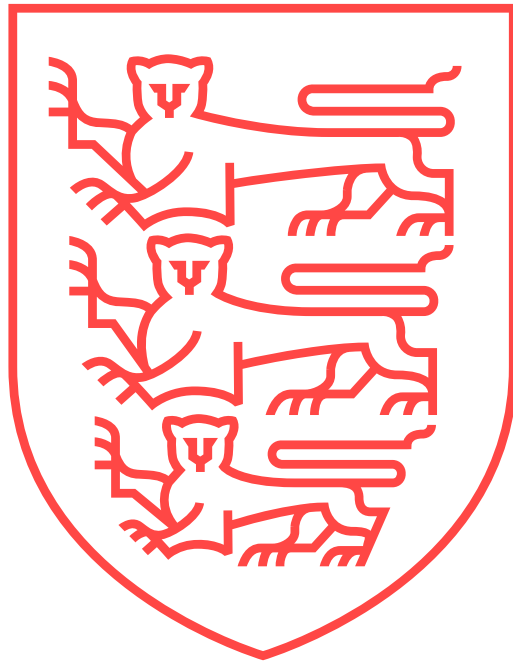

4. Our Sustainability

We prioritise sustainability, empowering students as responsible global citizens.

- To strengthen environmental initiatives and reduce the environmental impact, embedding trackable sustainable practices.
- To promote healthy living and well-being by encouraging sustainable lifestyle choices.
- To review the catering provision.
