MESSGAGE FROM OUR HEAD

I am incredibly proud of all the children who took part in this year's Jersey Eisteddfod. They represented the school brilliantly, showing confidence and enthusiasm throughout. A special congratulations goes to our Year 2 children, who entered for the very first time this year and won their category. We were also thrilled that our Junior Choir won their category, while our Senior Choir delivered a wonderful performance and achieved excellent results. Well done to every child who took part. We are all extremely proud of you all!

Last week I met with representatives from Macmillan Jersey who are keen to work with schools on the Sun Safe Schools programme. This initiative helps schools promote healthy sun-safe habits and raises awareness of the importance of protecting our skin. Macmillan were impressed to learn that we already have a comprehensive Sun Safety Policy in place, meaning we are starting from a strong foundation. They were that we already have a comprehensive Sun Safety Policy in place. Joining the programme will support us to further promote healthy sun-safe habits across our school community.

I am also pleased to tell you that Macmillan Jersey will be our new chosen charity. After three years of support for Dementia Jersey, we felt it was the right time to support another charity that is close to the hearts of many of our families and staff. Some of our community have experienced the support, guidance and care that Macmillan provides, making this a particularly meaningful partnership for us.

As part of the programme, we look forward to welcoming Macmillan Jersey into school next term to lead an assembly for our pupils and share important messages about staying safe in the sun.

I hope you all have a lovely weekend,

Ms Guglieri

MUSIC THIS WEEK

A huge congratulations to our Junior Choir, who were awarded the Dean Goss Trophy for the third consecutive year at the Music Eisteddfod, and to our Senior Choir, who were worthy runners-up in Class 267.

Both choirs performed with confidence, enthusiasm and beautiful musicality, representing the school superbly and making us immensely proud. Well done to every pupil on this fantastic achievement! 🎶🏆✨

Congratulations to Year 2 Super Singing Squad, who were awarded the Lady Boot Sheild at Wednesdays Eisteddfod!

This was their first preformance,and they sang beautifully with enthusiasm and confidence and spirit. We are incredibly proud of each and everyone of them for this wonderful achievement.

Huge congratulations go to Ameera, who was awarded the Mary Campbell Memorial Trophy for her excellent piano performance. What a fantastic achievement!

RECEPTION LEARNING

Since learning all about Diwali on Tuesday, our Reception Pupils have been busy making their own Diya lamps.

They painted their designs and decorated them with lots of sparkles, putting into practice what they had learnt about the Festival of Lights.

Last Friday, Gale Glendewar from the Jersey Hedgehog Preservation Group gave a lovely talk to our Reception pupils all about hedgehogs and how we can help look after them this winter.

Our pupils learned lots of fascinating facts about these prickly visitors, including ways to make our gardens more hedgehog-friendly during the colder months and what to do if they spot a hedgehog near a road.

Our Reception pupils thoroughly enjoyed learning about these amazing animals and are now ready to do their bit to help protect Jersey's hedgehogs this winter.

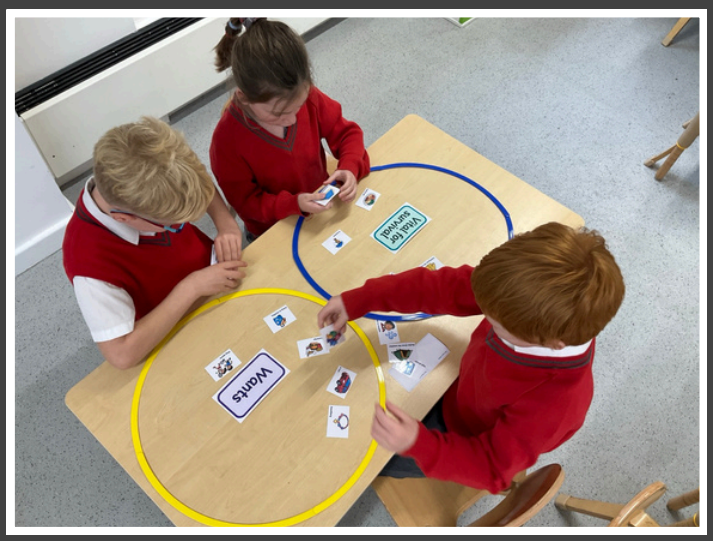

SCIENCE THIS WEEK

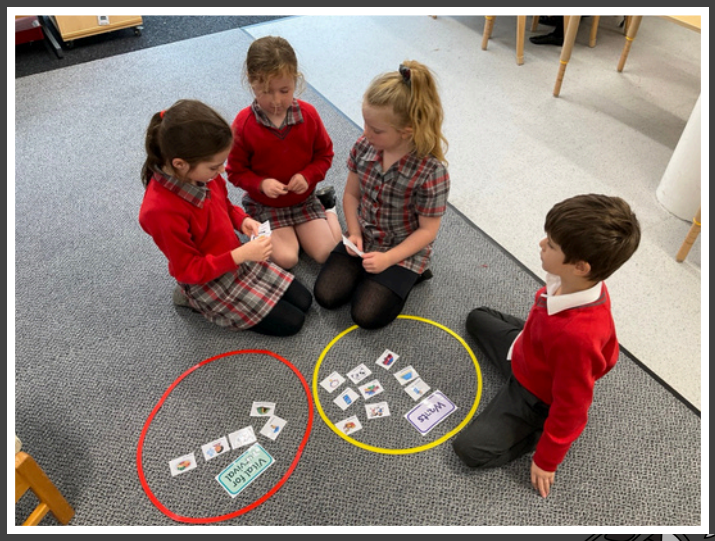

Year 2 – Needs or Wants?

What do we really need to survive? Year 2 explored the difference between needs and wants, sorting items and explaining their choices. They then ranked the needs in order of importance, discovering that deciding—and justifying—an order wasn't always easy!

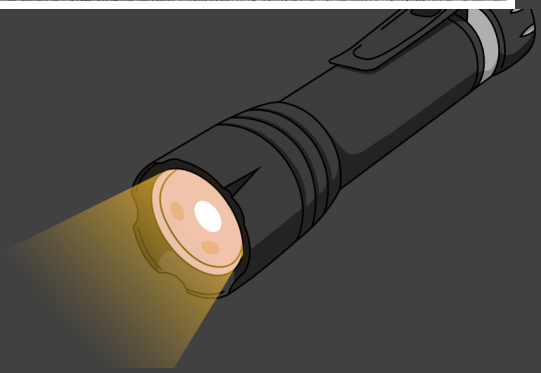

Year 3 – Light Detectives!

Year 3 explored light sources and how we can group them as natural or artificial. From sunlight and lightning to lamps and torches, pupils considered which sources occur in nature and which are made by people. They also explored an important question: Does everything that looks bright make its own light?

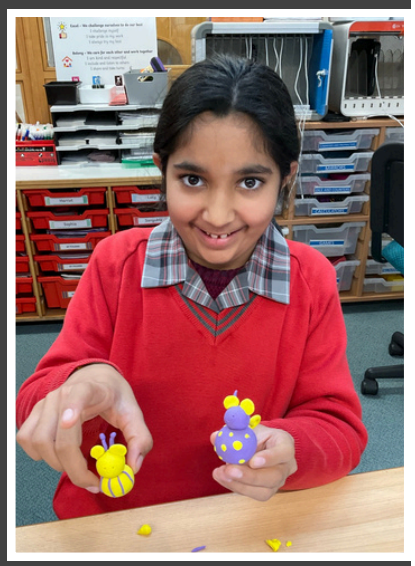

SCIENCE THIS WEEK

Year 5 – Investigating Gravity!
Do heavier balls fall faster? Year 5 dropped balls of different masses from the same height, repeating each test three times and calculating an average. They found that the balls fell at approximately the same rate, regardless of their mass. A gravity lesson that really brought science 'down to Earth!' 🌍

Year 6 – Exploring Inheritance!
Year 6 explored how characteristics are passed from parents to their offspring. In their creature challenge, coin flips determined which parent's head and body colours each offspring inherited. This simple model helped pupils explore the role of chance and why offspring can share characteristics with their parents while looking different from one another.

Our F1 STEM teams have been getting creative this week, developing their own racing identities! Pupils worked together to explore team names, design logos and plan their livery—the colours and patterns that will make their cars stand out on the track. Sharing ideas and making decisions as a team gave everyone the chance to contribute. We can't wait to see their designs come to life!

POLYPHONY

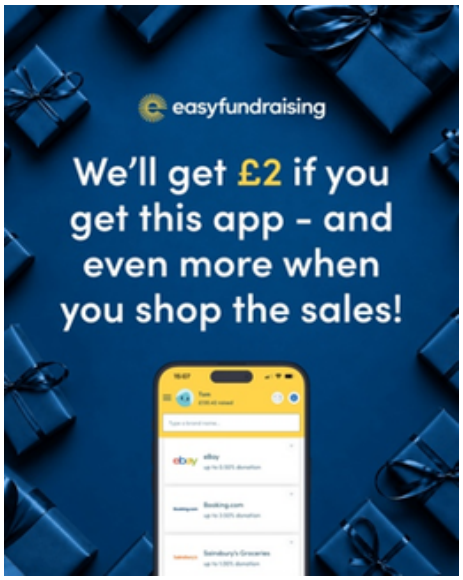

New Beginnings Year 3
We have 2 spaces available for children to start French Horn lessons immediately with Mrs Lumbard. Please contact A.Harvey@jcgfoundation.com if you are interested
